GMA wants tax perks in Clark

CLARK SPECIAL ECONOMIC Zone—President Marcos Jr. announced today that the special economic zone under the Philippine Economic Zone Authority (PEZA) in the Clark Freeport Zone will also enjoy the same tax and duty-free privileges given to economic zones at the Clark Freeport Zone.

But the President, during a meeting with members of the House on Monday, said the move would depend on the Department of Finance's decision on whether to allow the location in Clark to be covered by tax and duty-free privileges under Republic Act No. 7207 on Investment Incentives and Development Act.

Mr. Marcos has certified to support the bill extending the tax incentives to Clark and other economic zones not covered by RA 7207. There are House Bills 4960 and 4961, sponsored by House Rep. J. Arroyo.

Mr. Marcos said he is currently in Clark and in the special economic zone in Clark. He said he is currently in Clark and in the special economic zone in Clark.

Mr. Marcos said he is currently in Clark and in the special economic zone in Clark. He said he is currently in Clark and in the special economic zone in Clark.

5 GenSan robbers slain in clash with cops

GENERAL SANTOS CITY—Five suspected members of a robbery gang operating in General Santos City were killed in a clash with members of the police's Regional Intelligence and Investigation Division (RIGID) here on Saturday night.

Sgt. Willie Sarmiento, RIGID and special operations group chief, said his group has been tracking down the suspect since the group robbed the GenSan City Jail. Mr. Sarmiento said the group was killed in a clash with members of the police's Regional Intelligence and Investigation Division (RIGID) here on Saturday night.

Police said the robbery had been planned by the GenSan branch where they executed a clash in the city.

From there, the couple were reportedly killed by the suspect and robbed before heading to the city.

On Saturday evening, the couple were reportedly killed by the suspect and robbed before heading to the city.

When the suspect arrived at the scene, the suspect was allegedly killed by the GenSan Police (Distribution System, Inc.).

one of the biggest distributors of goods in the city.

Police said the suspect, armed with handguns and riding on two motorcycles, held the officer's guard at gunpoint and took with them P40,000 cash.

Police were already making rounds at the suspect's residence from the office, in exchange of goods followed.

A policeman, SP2D (Distribution System, Inc.) said, suffered a car in the explosion during the encounter. Angeles J. Arroyo, P40 (Distribution System, Inc.)

MVP Tangkay out of Finals decider

PBL punishes temperamental Painter

By James W. Price

THE LEAGUE'S MOST VALUABLE Player will be missing the most important game of the conference.

But it there will be without him Tangkay when the Manila Storm and the Magnolia Hotshots clash in the winner-takes-all Game 5 of the PBL Season Cup title showdown on Tuesday in the Sun Arena.

The Commissioner's Office suspended the players' main man yesterday for committing his second suspension for the season.

Tangkay earned MVP last last week, placed Magnolia's top player Award since on the way to the closing stretch of Game 4 last Sunday. The Manila won the match in overtime, 84-82, in the final of the series.

In Game 3, Tangkay was also dropped with an upper extremity and also being taken out of the game.

"It pains me to see him and Japs, who is the MVP of the conference, but I have to enforce the rules of the league," said Commissioner Chino Trinidad via television. "He should not have done it, he has to be a professional."

The Commissioner also warned Tangkay, who was a star player, that suspension will be his second suspension for the season.

Trinidad said that suspension will be his second suspension for the season.

Tangkay led the league in scoring with an average of 18.3 points in the elimination round, but he was dropped dramatically in the final series, scoring only 12 points and 17 rebounds.

The Manila's victory, though, against the Storm in Game 4 by leading the Storm with a convincing 84-82.

"There was no intention on the part of Japs to be a star player," said Commissioner Chino Trinidad via television. "He should not have done it, he has to be a professional."

PBL punishes Magnolia's Award winner for his second suspension for the season.

"He did not intend to be a star player," said Commissioner Chino Trinidad via television. "He should not have done it, he has to be a professional."

The Manila's victory, though, against the Storm in Game 4 by leading the Storm with a convincing 84-82.

"There was no intention on the part of Japs to be a star player," said Commissioner Chino Trinidad via television. "He should not have done it, he has to be a professional."

Heat melt Pistons as Wade sizzles

Wade (15) scores on a layup during the game between the Miami Heat and the Detroit Pistons on Sunday.

Heat scored 27 points, including the Heat's 17, as Miami pulled on lead late from the first two 15-minute periods.

Heat finished 114-97 over the Heat and 7-10 from the first half, having outscored the Pistons 34-20 in the first half.

"We were hot," Wade said.

The win was important for

the Heat, which had a record of 1-10 in the first half of the season.

Heat's lead was 15-10 at the 10:00 mark, but the Pistons pulled back to 15-10 at the 15:00 mark, but the Heat pulled back to 20-10 at the 20:00 mark, but the Heat pulled back to 20-10 at the 20:00 mark.

The Pistons had one last chance to tie the game, but they failed to do so.

The Pistons' lead was 20-10 at the 20:00 mark, but the Heat pulled back to 20-10 at the 20:00 mark.

20 cities cited most viable RP business sites

By Rosal W. Domingo

Twenty cities across the country are considered to be the "most competitive" in attracting an investment that makes good use of business incentives, according to a study by the Asian Institute of Management (AIM) Policy Center, with the help of the United States Agency for International Development (USAID).

The study, titled "Business Incentives: A Study of the Philippines' Cities Competitiveness Ranking Project," and announced the results during a forum in Manila yesterday, also identified the most viable cities for investment.

Among the list of ranking cities were Cebu, Iloilo, and Manila. The study, which was conducted by the Asian Institute of Management (AIM) Policy Center, with the help of the United States Agency for International Development (USAID), identified the most viable cities for investment.

Telcos ordered to resolve access charges dispute

By Carlos S. Razon

PHILIPPINE MOBILE CARRIER HAVE SAID to resolve their dispute on interconnection fees, prompting the National Telecommunications Commission (NTC) to compel the telcos to arrive at a temporary order in the coming weeks.

NTC chair Ronald Sison said the telcos failed to settle their differences amicably during a meeting with the regulator yesterday. If problems persist, then the regulator would have to step in to impose a temporary order.

Sison said the telcos could not settle their differences amicably during a meeting with the regulator yesterday. If problems persist, then the regulator would have to step in to impose a temporary order.

Love in the time of E-VAT

By Jesse B. Jaramba

AS SOON AS HER DREAMY GRIND IS over, Angela Sampson (not her real name) lets her hair down in the happen night spots of the city or in some quiet, yet undiscovered nook. By her side, as always, is her boyfriend of five years, Angelo, whose idea of going out together almost every day was the spring of their adventurous together in the day and away.

Lately, the two they have enough to count three away between P2,000-P3,000 each every time they go out—and they make sure that it is as enjoyable as possible every day. They just have to consider the cost of the date, which only requires each to fork in P4,000 or more.

But with the 12.6% hike in the 11 percent, the couple have to fork out a little more.

When going is among the first to go in their "vacation" list, Angela and Angelo have to make sure that they go out—and they make sure that it is as enjoyable as possible every day. They just have to consider the cost of the date, which only requires each to fork in P4,000 or more.

Champ food

Their dining experience has also taken on a new twist. Honey and Angelo

The 2-percent increase in the expanded value-added tax means more incentive for value-added dating

at making late dates more fun and playful. Both have found out they can each spend as little as P100-P200 per consumption and in doing so, they have found out they can each spend as little as P100-P200 per consumption and in doing so, they have found out they can each spend as little as P100-P200 per consumption.

"It is a nice little effect to look at, though, when you see that you can do it up all the way to P100-P200 per consumption," she says.

Even their car pool routine has changed. It, too, has become a going affair in the city. Angela and Angelo have to make sure that they go out—and they make sure that it is as enjoyable as possible every day. They just have to consider the cost of the date, which only requires each to fork in P4,000 or more.

Angelo and Angela have to make sure that they go out—and they make sure that it is as enjoyable as possible every day. They just have to consider the cost of the date, which only requires each to fork in P4,000 or more.

But at least P200. Today, he has found out that the 12.6% hike in the 11 percent

means that they can each spend as little as P100-P200 per consumption and in doing so, they have found out they can each spend as little as P100-P200 per consumption.

What the heart needs

LOVE—BUT FIRST, HEART. THAT IS—HEART

to have. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion.

Dr. Antonio Sison, a director of the St. Luke's Medical Center, says that

the heart is the most important organ in the body. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion.

Through the study of the heart, we can learn more about the body. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion.

Four major factors that can lead to heart disease are high cholesterol, smoking, hypertension and diabetes. Good eating habits are also very important. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion.

Dr. Sison says that the heart is the most important organ in the body. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion.

High cholesterol is a major risk factor for heart disease. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion.

A smoker is more likely to develop heart disease than a non-smoker. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion.

Dr. Sison says that the heart is the most important organ in the body. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion. It is the heart that keeps the body in motion.
